Combustion Technologies  
Operations Manager  
179 E Main Street, Suite B  
Sandy, Utah 84070

Dear Combustion Technologies,

We have received and re-viewed the information you submitted on your companies sorbent "CleanBoost Oil Absorbent". Our review indicates that this product meets the definition of a "sorbent" as specified in Title 40 of the code of Federal Regulations (CFR), sections 300.5 and 300.915(g) of the National Contingency Plan (NCP). Based on this review, "CleanBoost Oil Absorbent" is not required to be listed on the NCP Product Schedule. Please note the product clarification listed below.

So that you may be prepared to provide On-Scene Coordinators with a certification as referenced in section 300.915(g)(4) of the NCP, the following should be reproduced, dated and signed on your Combustion Technologies Letter Head for your customers/end-users files in case of an audit:

- CleanBoost Oil Absorbent is a sorbent material and consists solely of materials listed in section 300.915 (g)(1) of the NCP

If you have any questions, please feel free to contact the office of the Emergency Management Team at (202) 564-1974 or (202) 564-1970.

Sincerely,  
Leigh E DeHaven
