

**Amendment No 2  
to the  
National Standard for Commercial Vessels  
Part C; Design and Construction  
Section 4; Fire Safety  
(Edition 2)**

---

**Revised Text**

Edition 2 of the National Standard for Commercial Vessels, Part C; Section 4 *Fire Safety* as published in October 2008, is amended as follows.

These amendments, which include both technical and corrective changes, were approved by the National Marine Safety Committee on 12 April 2012, published on 16 April 2012 and come into effect from that date.

They should be inserted in the appropriate places.

**Summary**

- A. This amendment applies to Clause 4.7.3.6.
- 

AMDT  
No.2  
12 April  
2012

**Page 51 lines 40 – 42 and Page 52 lines 1 – 5 Clause 4.7.3.6 (Technical)**

Delete “Pumps used for other purposes may also serve as main fire pumps provided they are not—

- a) bilge pumps; or
- b) pumps normally used for pumping oil or other combustible or flammable liquids.

Example:

Sanitary, ballast or general service pumps may also serve as main fire pumps.”  
and replace with

“Pumps used for other purposes may also serve as main fire pumps provided they are not pumps normally used for pumping oil or other combustible or flammable liquids.”

Example:

Sanitary, ballast, bilge or general service pumps may also serve as main fire pumps provided that they are not normally used for pumping of oil and that if they are subject to occasional duty for the transfer or pumping of fuel, suitable change-over arrangements are fitted.”
