

Australian Maritime Safety Authority

Scale F first aid kit list

Items to be stored in first aid kit

GES 2015/01 provides an equivalent means of compliance with Annex H for vessels operating in operational areas C, C Restricted, D or E.

Items shown in *italics* are considered an equivalent substitution only when the medication required by the standard is unavailable and Owners/Operators have conducted a risk assessment in accordance with GES 2015/01 to ensure that those items are sufficient for the relevant area of operation.
