Dear Shirley Tsang

I am pleased to convey that your application for re-listing in the National Plan Oil Spill Control Agent (OSCA) Register for the product EPS Oil Adsorbent of OSCA type: Adsorbent, Natural Mineral, has been accepted.

Your updated information will be added on the AMSA National Plan website at:  
<https://www.amsa.gov.au/marine-environment/pollution-response/register-oil-spill-control-agents>

The updated listing links to the latest SDS as provided by you, and all the original test reports and other publishable material that you provided as part of your original application, as these are the information of most significance to likely users under the National Plan.

We also provide the option for a hyperlink from the OSCA Register page to a product website (currently to: <http://www.envps.com.au/> which you can maintain or amend. Please respond by email to Paul Irving, ([paul.irving@amsa.gov.au](mailto:paul.irving@amsa.gov.au)) who I understand you have already been working with during the application process.

I wish you well.

Yours sincerely

**Julian Mitchell**
