

Scale D medical cabinet list

Items to be stored in medical cabinet

GES 2015/01 provides an equivalent means of compliance with Annex H for vessels operating in operational areas C, C Restricted, D or E.

Items shown in *italics* are considered an equivalent substitution only when the medication required by the standard is unavailable and Owners/Operators have conducted a risk assessment in accordance with GES 2015/01 to ensure that those items are sufficient for the relevant area of operation.

Description	Qty	Notes	Comments
