Qualifying Sea Service and Task Books

Sea Service will be assessed using the National Standard for Commercial Vessels (NSCV) Part D, Crew Competencies.

Please note that the applicant must accrue at least half of the qualifying sea service required for the certificate in the 5 years before the application.

For further information on this document and access to additional information on qualifying sea service and task books please refer to the AMSA website www.amsa.gov.au

Final assessment

Candidates are required to undertake a final assessment conducted by a National Regulator approved assessor before being issued a certificate of competency.

Candidates who successfully complete all requirements for an NSCV Part D certificate of competency including the final assessment may request a temporary service permit in the form of a letter to allow them to operate immediately.

The criteria and competencies covered in a final assessment are included in the relevant tables of the 'Skills and Knowledge required for NSCV Certificates of Competency Part D Crew Competencies' document, which can be found on the AMSA website.

Application for Certificate of Competency

The applicant must complete and provide the information required by the Application for a Certificate of Competency (AMSA form 534).
