Our Ref: D22/55473

Dear Mark Pilgrim

I am pleased to convey that your application for listing in the National Plan Oil Spill Control Agent Register for the product Key 2 Bio has been successful.

Key 2 Bio will be listed as a Biodegradation Agent (OBA 3.1 nutrient only) OSCA on the AMSA National Plan website at:

<https://www.amsa.gov.au/marine-environment/pollution-response/register-oil-spill-control-agents>

We will also include in the listing links to the SDS, product application instructions, the Label and the toxicity and bioremediation reports, and this letter of acceptance, as these are the information of most significance to likely users under the National Plan.

We also have an option of providing a hyperlink off the Register page to a product website, and if you wish to take advantage of this, please provide a suitable link to Jamie Storrie (Jamie.storrie@amsa.gov.au) who will be able to assist you.

Yours sincerely

Mark Morrow
