NOTIFICATION – CHANGE OF ENGINE

Marine Safety (Domestic Commercial Vessel) National Law Act 2012, Schedule 1
Marine Order 503 (Certificates of survey – national law)
Marine Safety (Class C restricted C operations) Exemption

This form can be used to notify AMSA of a change of an engine(s) on a domestic commercial vessel.

If the vessel holds a non-survey approval (under Exemption 2), please notify AMSA of the change of engine by lodging an application to vary a vessel certificate or approval (AMSA566) instead of this form.

Please note that changing a vessels engine may require the vessel to meet additional standards, undergo surveys and/or be required to obtain a certificate of survey. This notification may need to be supported by a recommendation from an accredited marine surveyor that confirms that the engine change does not invalidate the assumptions and calculations used for the structural or stability design approval for the vessel.

Certificate holder's details

Certificate holder's name

ABN / ACN

Certificate of Survey / Restricted C operations approval number

Certificate of Operation number

Vessel details

Vessel name

Displayed Unique Identifier

AMSA issued UVI

Details of the engine(s) being replaced

Make	Model	kW Power	Weight

Details of the new engine(s)

Make	Model	kW Power	Weight

Note: to convert horsepower (HP) to kilowatts (kW) multiply the HP by 0.73549 - example 10 hp = 7.3549 kW

Checklist

- Where the engine details of the new engine(s) are different to the engine(s) being replaced, I have attached a recommendation from an accredited marine surveyor that confirms that the change of engine(s):
 - **does not** invalidate the assumptions and calculations used for the structural or stability design approval for the vessel; and
 - **has not** altered the arrangement of any of the other systems on the vessel (e.g. electrical, fuel, shaft, structure, footprint etc.).
- If the engine is a new marine diesel engine >130kW, I have a copy of the EIAPP Certificate.
- I have attached supporting documentation for the engine that confirms the above details and includes the engines serial number.

Applicant's declaration and consent

I declare that:

- to the best of my knowledge the information provided by me in this notification (and any attachments I have included with this notification) is true and correct.
- I consent to the Australian Maritime Safety Authority, as the National Regulator, making all reasonable enquiries in order to verify that the information provided by me in this notification (and any attachments I have included with this notification) is true and correct.
- I understand and acknowledge that the Australian Maritime Safety Authority, as the National Regulator, may ask that I provide any information or document that the National Regulator reasonably considers necessary for consideration of this notification.
- I understand and acknowledge that the Australian Maritime Safety Authority, as the National Regulator, may ask another person to provide any information, document or agreement that the National Regulator reasonably considers necessary for consideration of this notification.
